

Community Outreach Partner World Relief

Every year, World Relief helps thousands of refugees replant their lives in the United States. With 23 offices across the U.S., World Relief is the largest evangelical refugee resettlement agency in America. Through this organization, these people are able to receive restoration and encouragement.

Each year hundreds of refugee families come to Atlanta from places like Bhutan, Burma, Iran and Sudan. Many times, they are fleeing war, natural disaster, famine and political and religious persecution. These refugees don't come here because they want to, but because they cannot return home. They are fleeing for their lives.

World Relief Atlanta partners with local churches to see that refugees receive the individualized care and physical support they need as they begin rebuilding their lives through the love of Jesus Christ. They offer a variety of programs to help families adjust to their new life in the United States and allow them to get on their feet to help themselves for the future.
